

# Getting Involved

We are excited by all that the project is involved in, and the practical difference being made with young people in our local community; we hope you are too as you discover more of all that has been going on.

The BUSY Project is funded by the donations of local people, churches, businesses, and a grant from Church of Scotland Parish Development Fund. The running cost of the project is just over £30,000 per year. It is possible to give once, or regularly via standing order, bank transfer, or through a church envelope giving scheme.

We would like to invite you to make a donation to help us continue to make a difference through this project; here is how you can do this:
